I am an adaptable, enthusiastic, and committed individual with a huge passion for technology. I am motivated to constantly develop my skills and grow professionally. I have built simple websites and applications using a range of technical languages and tools, including JavaScript, React and Bootstrap for the frontend, Node JS and SQL for the backend, Git and GitHub for version control. Currently seeking a Full Stack Developer role.

Skills

- JavaScript, React (React Hooks), HTML, CSS, Bootstrap, Node JS, Express JS, SQL- Postgres, WordPress

- Git, Trello, Heroku, Netlify, Cloudflare, Postman

Experience

OCTOBER 2020 –NOVEMBER 2020
Full Stack Developer / Code Your Future

I worked in an Agile team of 3 software engineers to automate student progress analysis for Code Your Future. The tool will be used by hundreds of teachers and students internationally across 3 countries

- Using tools like Miro we did a Discovery with students and teachers to identify opportunities for automation to quantify and visualise learning progress of students and draw attention to problem areas
- The dashboard was built on a React and Bootstrap stack using its latest features such as React hooks
- The RESTful API supports JWT authentication and was built on Node and Postgres
- Collaborated with the team using git for version control and slack for communicating
- I encouraged pair programming to maximise learning & development among the team
- A deployment pipeline was set up from Github to Heroku

APRIL 2020 – PRESENT
Website and Database Officer / City of Sanctuary UK, Remote

- Setting up group websites using WordPress
- Maintaining and updating over 80 sites within a multisite
- Planning and managing a new database system (CiviCRM)
- Training and ongoing support for staff to use the CoS website and database
- Maintaining, setting up and supporting of group emails through mail client and Google Workspace for staff

APRIL 2017 – MARCH 2020
Website and Communication Support Officer / City of Sanctuary UK, Remote

- Working with consultant and other colleagues to ensure that our website is 'fit for purpose', visually appealing and accessible
- Leading on internal communications by supporting the UK City of Sanctuary Team to facilitate good communications across the network
- Attending network-wide meetings when website training is required

AUG 2014 – MARCH 2017

Communication and Admin Volunteer / City of Sanctuary UK, Leeds

- Creating an event site for a conference
- Setting up and maintaining WordPress website for national site and local group sites
- Performing admin duties – phone calls, responding to inquiries via email

OCT 2012- MARCH 2014

Volunteer Project Assistant / RETAS, Leeds

- Lead on revamping the website from WordPress to WIX
- Supporting reception/admin duties
